JUDGE O'REAR

Is the Man Dreaded by Democrats as Standard Bearer for Republicans in 1911.

The Frankfort correspondent to the Cincinnati Enquirer, says that Judge Edward C. O'Rear is not a candidate for the Republican nomination for Governor.

We do not know whether Judge O'Rear will consent to allow his name to go before the next State Convention for the gubernatorial honors or not, but we know that he is the choice of a large majority of the voters, not only of his own party, but thousands of Democrats have learned to love and honor him for his manliness and for his courage, and impartiality as a member of the Appellate Bench.

Two years ago Judge O'Rear won the hearts and confidence of a large number of Kentuckians by the stand he took for the tobacco men, and when Gov. Willson called a mass meeting at Frankfort of tobacco farmers to discuss the troubles during the stormy days when night riders were on the war path and when soldiers were on duty throughout the tobacco growing districts of the State, Judge O'Rear defended the honest farmers in a public address and took the Governor to task for his remarks and threats he had made when he said he would stop night riding if it had to be done at the point of a bayonet.

Judge O'Rear responded that the farmers would not be driven from their rights by the bayonet of a soldier. Judge O'Rear has been tried and found to meet every requirement, and his reelection to the Bench of the Appellate Court without opposition, is an evidence of the unshaken confidence the people have in him, and while we would regret to lose him from the Appellate Bench, we know that there is not to-day a man in the State who is so universally admired by everybody as is Judge E. O'Rear, and we believe that he should be allowed to allow his name to be presented for the nomination, there would be no other name presented and he would poll the largest vote that was ever cast for any man in the State of Kentucky.

Elect Judge O'Rear and we will be sure of an honest, straight forward, business administration and one that will give to every citizen a fair and an equal chance regardless of politics.

O'Rear is the man for every Kentuckian to stand by. He knows how to make a Governor and has the courage to do it.

NEW LAW

Governing Packages Containing Ardent Spirits

WENT INTO EFFECT JAN. 1.

On January 1 there went into effect a United States law which affects very greatly the extensive whiskey shipping business of Middlesboro. Under the new law all packages containing ardent spirits must bear a label which states the amount and character of the contents of the box and this information must be plainly written near the name of the consignee. Another feature of the law is that persons ordered by the law to ship the goods shipped to the one for whom the spirits are intended and not to a "dummy" consignee, as has been the custom in prohibition territories.

Mine Burning Fiercely at Warren

Government Experts Fighting the Flames

Unidentified Body of White Man Removed From Mines

The mines of the Interstate Coal Company at Warren in the Southern part of Knox county have been burning fiercely for some days past and all efforts to extinguish the fire has been unsuccessful.

The assistance of Government mine experts have been called and immense streams of water have been forced into the mines but to no avail.

The body of an unidentified white man was found and removed from the mines last Tuesday, death having been caused by black damp.

As a last resort the company now has a force of men working night and day cutting around the fire which seems to be the only means of checking it.

The main entry has been sealed.

FIRST NATIONAL BANK.

Elects Officers for Ensuing Year.

The First National Bank of this city held their annual election last Tuesday and resulted as follows:

F. R. Barner, Dr. Sam Bennett, J. M. Robison, J. W. Keele, J. M. Lock, F. D. Sampson, C. C. Smith, Directors.

The Board of Directors then elected the following officers:

F. D. Sampson, President; F. R. Barner, Vice-President; J. M. Robison, Secretary of Board; Robert W. Cole, Cashier; Walter R. Barner, Assistant Cashier; S. T. Davidson, Individual Book Keeper.

The year just closed was the most successful in the history of this institution notwithstanding the severe panic that has prevailed throughout this section during the past twelve months.

This bank is one of the safest banking institutions in the State and the careful, economical way in which it is controlled has placed it in the forefront and those desiring a safe place for their surplus can do no better than make their deposits with the First National Bank.

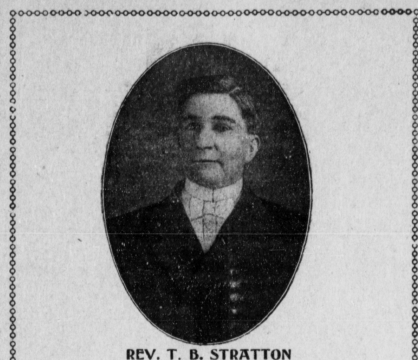

No more polite or clever officials ever graced any banking institution than is found here and they stand ready to lend a helping hand to those in need.

That is the kind that merits your support.

REV. T. B. STRATTON

MY MOTHER

The winter winds are felt again,
The earth is robed in pure white snow,
The stream that runneth through the glen
Is bridged with ice that hides its flow.

A score and more of years have gone
Since Mother's sleep in dust began,
She'll rest till resurrection dawn,
According to the Father's plan.

Near where I oft in childhood played,
Beneath the chestnut's leafy bough,
My Mother's form to rest was laid
And slumbers there in silence now.

I see her yet stand by the gait
As when I left my Mountain home,
To journey to a distant state,
O'er prairie lands to roam.

She leaned upon my father's arm;
I turned and saw them looking, stand,
That farewell look will hold its charm
Till loved ones meet on life's fair strand.

She labored with untrifling zeal
A faithful work in life to do,
And all who knew, set to their seal
That she possessed a heart quite true.

The value of her patient toil
Eternity alone will tell,
Her house had little need for spoil,
With brain and hands she wrought so well

The orphan knew her tender care;
Her children, neighbors heard her pray
And saw in her a spirit rare,
So meek so quiet day by day.

For souls with motives ever pure
To contemplate this thought how blest!
That saints earth's woes but once endure,
But work goes on while workers rest.

Dear Mother's work still on will go,
Until the Judge Supreme come down
Reward for loving deeds bestow
E'en place upon the head the crown.

How glorious 't will be to meet,
With her up near the shining throne,
Where heavenly choirs with strains so
sweet,

Could melt a heart of hardest stone.

To Father, Son and Holy Ghost,
Excessive honors none can give,
The Triune God shall be my boast,
While the redeemed in Christ shall live.

City Tax Collector.

\$29,150

Amount Paid Into Treasury of Middlesboro for Saloon License.

The above represent the amount of Revenue paid by the whiskey men in the City of Middlesboro for the year ending December 31st, 1909. They paid to the City of Middlesboro for city licenses \$22,000 and to the State of Kentucky and the United States Government \$7,150, making a total of \$29,150. We think that the whiskey men are entitled to a great deal of credit for what they have done in helping to make Middlesboro the largest and most prosperous town in Southeastern Kentucky.

It is not any wonder that the City of Middlesboro can afford to put in concrete sewers, build costly school buildings and beautiful sidewalks.

The whiskey dealers pay more for the right to do business than any other class of business men and are entitled to credit for public improvements and the full protection of the law, because they pay dearly for it.—Bell County Leader.

KENTUCKY GIRL WINS.

Portland, Ore., Jan. (Special)—A young Kentucky girl, Miss Emma L. Mulkey, has won the first prize offered by the Portland Rose Festival Association for the best poster design to be used in advertising the annual Rose Festival, which will be held ere next June. The young artist had plenty of competition for 104 designs were submitted but her conception of the glory of the coming rose exposition was declared to be superior to all others.

It is the prize poster, the clever young Kentucky woman makes use of a beautiful girl riding over Portland in a peacock chariot, strewn roses on the city and it's people below. The Willamette River winding through the city and Mount Hood in the distance are shown and over all the roses reign supreme. At the bottom of the poster is a panel containing five symbolical figures typifying the gaiety of carnival week.

The poster will be published as a half sheet, in six colors and the first issue will number 10,000 copies. These will be given a wide distribution among the railroads, who will circulate them. The same design will be used in 250,000 post cards and on 500,000 folders for letters that will be distributed by business houses of the city in their correspondence.

Miss Mulkey, coming from a state famous for its beautiful women, is a very attractive girl and she has already acquired a great deal of enthusiasm for the West. She expects to make Portland her home in the future. That she should capture the prize for the best poster when many local artists sought for it, is considered remarkable.

W. H. McDonald is Guest this Week of Louisville.

W. H. McDonald, the Great Sachem of Kentucky Red Men left last Saturday night for Louisville, where he has spent the entire week visiting the various tribes and getting more acquainted with the members.

He has made a wide acquaintance in that city since he became the head of Redmanhood and the various tribes were anxious to have him visit them during his incumbency in office.

It was his purpose to visit every tribe in the State during his term of office, but was hindered last summer by illness, and later his campaign for the office of Circuit Court Clerk consuming more of his time than he had calculated on, so that he will possibly not be able to visit all the tribes in the State before the next Great Council, but it was not his fault if he fails.

He loves the order and has been untiring in his efforts to build it up, and increase its membership in the State.

He will return Saturday to take up his duties here as court convenes again on next Monday and it is necessary that the clerk be on hand.

A MESSAGE TO FARMERS,

Dr. Knapp's Address At Lexington, Kentucky.

A great deal of interest has been manifested, editorially and otherwise, throughout the South in the coming tour of Dr. Seaman A. Knapp, as the Department of Agriculture in January, and many inquiries have been received by him asking what topics he will discuss on this journey. Dr. Knapp has very kindly consented to furnish the press, and through the press the farmers, with the subjects of his addresses.

At Lexington, Kentucky, where he will speak on January 21st at 2:00 p. m., his subject will be "Kinds of Husbandry Suited to the Blue Grass Territory," in which it will be shown that the blue grass region is specially adapted to certain lines of husbandry and these are among the most profitable of all.

The same general method will be pursued in the addresses in the several states, outlining in each such policies as are most important and applicable to the rural population.

Pepper.

OAKLAND PIANOS

Our aim is the production of a popular, up-to-date, moderate price piano, possessing that quality of tone, work, value and durability heretofore not found in pianos selling at comparative prices.

The officers of the Oakland Piano Co. are practical piano men whose life-long experience in the building and marketing of pianos is concentrated in the development of these essential quality features that attract the careful buyer.

Our piano is built on one style of case and one grade of piano, and is the only piano in the world that is built on this principle. It is the minimum, and permitting us to offer quality and individuality in the "Oakland" piano impossible to obtain in any other way.

Our new factory is the best equipped and most up-to-date plant in the world, having no output of any other case quality.

In low quality in the world, in the general conception throughout the "Oakland" style, workmanship and in durability, we claim to be the best.

If you desire to handle the "Oakland" piano, write direct to us for catalogue and Special Literature.
